FAQ

1. **I don't know the working of icons.**
   Ans: Hover on the icon to see which icon performs what function.

2. **No icon is working.**
   Ans: Before you can start using the canvas, you need to provide the team name and watermark.

3. **How do I select a shape/image?**
   Ans: Click on the shape/image to select/deselect it.

4. **How do I select a line?**
   Ans: Select an area of the line. Deselect by clicking outside the selected area.

5. **I am pressing delete but the object is still there.**
   Ans: Before deleting, click on the icon you want to delete.

6. **How do I draw lines?**
   Ans: To draw a line, click on two points between which you want the line.

7. **I am clicking on two points but the line is coming somewhere else.**
   Ans: When you Zoom in or Zoom out on the canvas, that might interfere with the points. You can always hold the line and drag it wherever you want.

8. **I am not able to select/deselect a line/object**
   Ans: You can either click on the canvas or select an area outside your shape.
